

I've gone Totally Bananas and I hope you will too!

Dear Merchant,

Totally Bananas is a new company that makes frozen chocolate-dipped bananas. I've tried their products and I love them! Their treats are dairy-free, gluten free, transfat free, a source of natural antioxidants and nutrients , and *totally delicious!*

I am a loyal customer of yours and I would love to be able to purchase Totally Bananas products at your location on a regular basis.

Please contact Totally Bananas to see how you can bring their delicious products to your customers.

Check their web site for more information about their company and their products.

Thank You,

X
